Surufatinib ranks first among eligible candidates

Oral multi-target prioritization | Recorded final evaluation

a Candidate selection

18 enabled decision rules: 1 condition + 17 prioritization criteria

3,177
Candidates assessed

→

Eligibility requirements (6)
All required: 1 oral condition + 5 target observations

→

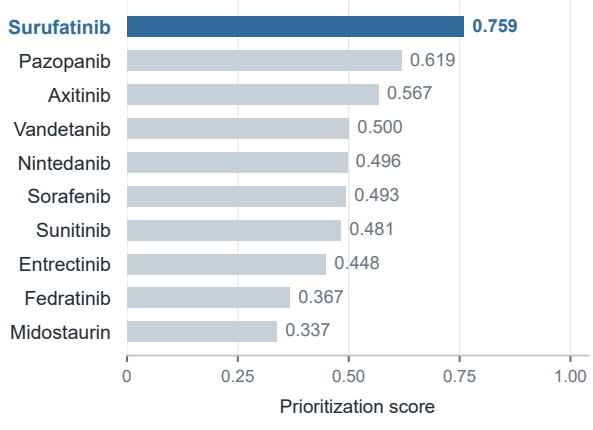

10
Eligible for prioritization

Evidence incomplete (1,305)
Partial support; no condition failed

Excluded (1,862)
No admission support

5 target criteria serve admission and ranking

b Eligible-candidate ranking

Equal weights; 15 usable scores. Direct coverage: 58.8%; ranking minimum: 50%.

c Surufatinib evidence

Required condition: oral — **Met 1/1**

Required target evidence — **Available 5/5**

CSF1R	VEGFR1	VEGFR2	VEGFR3	FGFR1
8.30	8.85	7.68	9.00	7.64

Recorded potency aggregates (pChEMBL)

Scoring evidence — 10/17 direct coverage
